PROSPECT TERRACE FIRE COMPANY AWARDED FEMA GRANT

BINGHAMTON - U.S. Representative Maurice Hinchey (D-NY) today announced that the Federal Emergency Management Agency (FEMA) has awarded a \$71,334 grant to the Prospect Terrace Fire Company under the Assistance to Firefighters Grant Program. The grant was among 597 awarded nationwide in the eighth round of grants for fiscal year 2002.

"The Assistance to Firefighters Grant Program continues to pay off for fire companies in the 26th Congressional District," said Hinchey. "We've put a lot of time and effort into funding the grant program and then making sure our companies are able to put together the best possible application. The grant announced today will help Prospect Terrace firefighters to better meet the challenges they face and to maximize their safety."

The Assistance to Firefighters Grant Program was created by the 106th Congress and authorized for \$400 million over two years. A member of the House Appropriations Committee, Hinchey has strongly supported providing full funding for the program. Earlier this year, Hinchey sponsored a number of workshops across the 26th Congressional District to help fire departments with the grant application process.

Fire companies had the opportunity to apply for assistance in any of four categories: fire operations and firefighter safety, fire prevention, emergency medical services, and firefighting vehicles. Prospect Terrace applied under the fire operations and firefighter safety category. The FEMA grants represent 90 percent of the full cost of the company's proposal.

After eight rounds of Assistance to Firefighters Grants for fiscal year 2002, fire companies in New York's 26th Congressional District have been awarded \$619,993.
